

Checklist for revised submissions

Your revised manuscript will be subject to a quality check before it is returned to the Editorial Board Member (EBM) for assessment. This is to ensure that all of the information required by the EBM and peer-reviewers is available, and, should your manuscript be accepted, it can be published as quickly as possible.

Please review the checklist before resubmitting, as manuscripts that do not comply may be returned for changes before they are passed to the EBM. Please note that files are not carried over between versions. Additionally, please ensure that all author information entered both in your manuscript and on our system is accurate.

Should you have any questions regarding this checklist, please contact us at srep@nature.com

Submission Files			
Item	Permissible file format	Notes	Completed
Response to reviewers' comments	.doc, .docx, .pdf	Must adhere to journal guidelines . Will be seen by the peer-reviewers and the EBM. Must be uploaded as a single 'Response to Reviewers' file	<input type="checkbox"/>
Cover letter	.doc, .docx, .pdf	Will be seen by the EBM but not the peer-reviewers	<input type="checkbox"/>
Manuscript File	.doc, .docx, .tex	Will be seen by the peer-reviewers and the EBM	<input type="checkbox"/>
Main Figure File(s)	.jpg, .eps, .tiff, .psd, .png, .pdf	Must be uploaded separately and must not contain titles (e.g. 'Fig 1') or legends. Separate figures must consist of a single page	<input type="checkbox"/>
Main Table(s)	Do not upload separately	Must be included in the Manuscript file in an editable format	<input type="checkbox"/>
Supplementary Information	.txt, .gif, .html, .doc, .jpg, .swf, .mov, .xlsx, .pdf, .ppt, .wav, .csv, .zip	Must be included separately from the Manuscript File, preferably as a single file. Supplementary datasets should be provided as separate .xlsx files	<input type="checkbox"/>

Manuscript File	Completed
TITLE	
Exactly matches the title entered on the submission system and in any supplementary information	<input type="checkbox"/>
The title should be a precise statement describing the main message of the paper and not contain puns or idiomatic expressions	<input type="checkbox"/>
AUTHORS	
Email address(es) of corresponding author(s) should be provided on the title page	<input type="checkbox"/>
All author (corresponding and contributing) details are included on the submission system as well as in the Manuscript File	<input type="checkbox"/>
Affiliations (including country) are provided and linked to authors with superscript numbers	<input type="checkbox"/>
Any authorship changes between revisions must be approved by all authors. If you have added, removed or altered the order of contributing authors during revision you must supply a completed Change of Authorship request form to confirm that all authors are aware of and approve the changes	<input type="checkbox"/>
For papers with consortia as part of the authorship, please include the consortium name as a main author in the author list on the title page. Please provide a full list of members of this consortium at the end of your Manuscript File, after the references, providing affiliations marked by superscript numbers as per the main author list. The consortium name should also be entered as an author on the submission system, together with the contact details of a nominated consortia representative	<input type="checkbox"/>

ABSTRACT	
Exactly matches the abstract entered on the submission system	<input type="checkbox"/>
Does not contain citations	<input type="checkbox"/>
Does not include subheadings or inline subheadings (i.e. not a structured abstract)	<input type="checkbox"/>
MAIN TEXT	
Manuscript File is provided as a Word or LaTeX document in single column format	<input type="checkbox"/>
No footnotes	<input type="checkbox"/>
Tracked changes must not be used in the Manuscript File. If you wish to highlight any changes made in your Manuscript File, please do so with the highlighter tool or by changing the colour of the font. Please do not highlight changes in the text by italicising. You may upload a version containing tracked changes as a 'Related Manuscript' file, as long as a clean version of the Manuscript File is also provided	<input type="checkbox"/>
METHODS	
Included in Manuscript File and contain sufficient detail to repeat experiments	<input type="checkbox"/>
For experiments involving live vertebrates and/or higher invertebrates , the Methods section must include a statement that: <ul style="list-style-type: none"> 1. Identifies the institutional and/or licensing committee that approved the experiments, including any relevant details. 2. Confirms that all experiments were performed in accordance with relevant named guidelines and regulations. 3. Confirms that the authors complied with the ARRIVE guidelines. 	<input type="checkbox"/>
For experiments involving human subjects (or tissue samples) the Methods section must include a statement that: <ul style="list-style-type: none"> 1. Identifies the institutional and/or licensing committee that approved the experiments, including any relevant details. 2. Confirms that all experiments were performed in accordance with relevant named guidelines and regulations. 3. Confirms that informed consent was obtained from all participants and/or their legal guardians. 	<input type="checkbox"/>
Please note that: <ul style="list-style-type: none"> 1. Study participant names (and other personally identifiable information) must be removed from all text/figures/tables/images. 2. For manuscripts that include information or images that could lead to identification of a study participant, your Methods section must include a statement that confirms informed consent was obtained to publish the information/image(s) in an online open access publication. The use of coloured bars/shapes or blurring to obscure the eyes/facial region of study participants is not an acceptable means of anonymisation. 	<input type="checkbox"/>
<i>Scientific Reports</i> will not consider manuscripts describing research that involves organs/tissues procured from prisoners. In addition to the above requirements for experiments involving human subjects (or tissue samples) authors of manuscripts describing human transplantation research must: <ul style="list-style-type: none"> 1. Include a statement in their manuscript attesting that no organs/tissues were procured from prisoners 2. Name all institution(s)/clinic(s)/department(s) via which organs/tissues were procured 3. Confirm that informed consent was obtained from both organ donor(s) and recipient(s) 	<input type="checkbox"/>
AUTHOR CONTRIBUTIONS STATEMENT	
Author contributions statement specifying the individual contribution of each author, is provided. This should be included after the references, and every author's contribution must be listed	<input type="checkbox"/>
ADDITIONAL INFORMATION	
Competing interests statement is provided in the Manuscript File under the heading "Additional Information", and matches the information entered on the submission system. Competing financial and non-financial interests should be disclosed	<input type="checkbox"/>

LEGENDS	
A legend is provided for each main table and main figure in the Manuscript File. These should be placed at the end of the manuscript, after the references	<input type="checkbox"/>
For supplementary figures and tables, include a brief title and legend (incorporated into the file to appear near the image)	<input type="checkbox"/>
Only legends for main display items should be included in the Manuscript File; legends for supplementary figures and tables should be included in the Supplementary Information file	<input type="checkbox"/>
DATA AVAILABILITY STATEMENT	
A Data Availability Statement is provided as a separate section (titled 'Data Availability') at the end of the main text, before the 'References' section. See the ' Availability of materials and data ' policy for statement requirements	<input type="checkbox"/>
REFERENCES	
In a numbered list and all in-line citations should be matched back to a reference via numbering within square brackets	<input type="checkbox"/>
Each number refers only to one paper/citation	<input type="checkbox"/>
Only papers that have been published or accepted by a named publication or recognised preprint server should be in the numbered list, preprints of accepted papers should be submitted as a 'Related Manuscript' file	<input type="checkbox"/>
No notes are included in the list	<input type="checkbox"/>
DOI should be used, not PII	<input type="checkbox"/>
BibTeX (.bib) bibliography files cannot be accepted. LaTeX submissions must either contain all references within the manuscript .tex file itself, or (for authors using the Overleaf template) can include the .bbl file generated during the compilation process with your submission in order for it to be processed correctly	<input type="checkbox"/>

Display Items	
MAIN FIGURES	
Schemes, graphical abstracts and boxes are not permitted and must be labelled/numbered as either a figure or table as appropriate. As an online journal, we are unable to accept any 'Cover' images or table of contents figures	<input type="checkbox"/>
Main figures must be mentioned at least once in the main text	<input type="checkbox"/>
Gel and blot images are presented in compliance with our digital image and integrity policies . Where cropped gels/blots are displayed, this should be noted in the figure legend; full-length/uncropped gels and blots should be included in a Supplementary Information file	<input type="checkbox"/>
Authors are responsible for ensuring that they have permission to re-use previously-published content under a CC-BY open access license <ul style="list-style-type: none"> • Photographs/drawings: if these were created by a contributing author please inform us. Otherwise, provide proof of permission for re-use and cite appropriately • Recognisable people: written permission to publish must be provided from any recognisable person appearing in a figure or video unless they are a study participant or a listed author. For images involving study participants, please refer to the guidance in the Methods section of the checklist 	<input type="checkbox"/>
MAIN TABLES	
Main tables are provided in the Manuscript File, and not as separate files, in an editable format (not embedded as an image in the document)	<input type="checkbox"/>
Main tables are numbered using whole numbers, not letters, and must not have separate parts	<input type="checkbox"/>
Main tables should not contain colour-shaded cells or images and should not be over 5 pages long	<input type="checkbox"/>

Supplementary Information	
Supplementary material is uploaded separately, and not included in the Manuscript File	<input type="checkbox"/>
We do not edit, typeset or proof Supplementary Information; therefore, please do not use highlighting in the Supplementary Information. If you wish to indicate changes made, please upload a separate version as a 'Related Manuscript' file, labelled 'SI with changes marked'	<input type="checkbox"/>
